

Superintendent Monthly Inspection Checklist

Vessel:

Date:

Place:

Note: 1 = {Good/ Acceptable}, 2 = {Fair}, 3 = {Poor/ Needs Action}, 4 = {Drydock Item}							
Item	Description	1	2	3	4	N/A	Remarks
10	SHELL						
	Ship Name						
	Draft Mark						
	Topside/ bulwark condition						
	Hull structure condition						
	Marking						
	Fenders condition						
12	DECK						
	Main deck general condition						
	Fairleads						
	H-bitt						
	Bollards						
	Hatches						
	Mushroom vents						
	Vent heads						
	Mooring rope/ wire						
	Watertight doors						
	Manhole covers						
	Towing hook						
	Valves						
	Signages						
14	ACCOMMODATION						
	Public space						
	Galley						
	Shower/ Toilet						
	Cabins						
	Mess room/ Stores						
	Portholes						
	Handrails						
	Accommodation house						
	Fittings on the bridge/ mast						
	Doors and windows on the bridge deck						
	Electrical lighting (inside accommodation)						
21	WINDLASS & MOORING WINCH						
	Anchor windlass/ Winch						
	Anchor chain						
	Anchor chain stopper						
	Windlass Brake						
	Windlass control stand						
	Hydraulic Pump						

Note: 1 = {Good/ Acceptable}, 2 = {Fair}, 3 = {Poor/ Needs Action}, 4 = {Drydock Item}

Item	Description	1	2	3	4	N/A	Remarks
	Hydraulic Pipes						
	Towing winch (Aft)						
	Hydraulic pump (Aft)						
	Hydraulic pipes (Aft)						
	Other mooring equipment						
23	STEERING GEAR/ AZIMUTH PROPELLER						
	Hydraulic pumps, pipes, flexible hoses & V-belts						
	Emergency steering gear/ Manual operation device						
	Steering gear instruction posted						
	Check oil level						
	Oil sample - check for water content (milky color)						
	LO Analysis						
	Control air pressure						
	Clutch assembly						
	Cardan shaft						
	Electrical components & consoles						
	Alarms & trips						
	Bulkhead packing						
	Abnormal vibrations						
24	ELECTRICAL (DECK)						
	Deck lights and electrical cables						
	Switchboard (Distribution Board)						
32	PUMPS/ STRIPPING DEVICE						
	Ballast Pump						
33	WINDLASS/ TOWING WINCH HYDRAULIC SYSTEM						
	Hydraulic unit						
	Hydraulic line						
	Valves						
35	PIPES						
	Ballast line						
	Bunker line on deck						
	Other pipe line on deck						
41	NAVIGATION INSTRUMENT						
	GPS						
	Radar						
	Radar reflector						
	Echo sounder						
	Magnetic compass						
	Spare magnetic compass						
	Anemometer						
	Air horn						
	Navigation light						
	Daylight signaling shapes						
	RPM indicator						
	Rudder angle indicator						
	Engine telegraph						
	Maneuvering characteristic						
	Magnetic compass deviation curve						
	Automatic Identification System (AIS)						
	Light panel						

Note: 1 = {Good/ Acceptable}, 2 = {Fair}, 3 = {Poor/ Needs Action}, 4 = {Drydock Item}

Item	Description	1	2	3	4	N/A	Remarks
42	RADIO EQUIPMENT/ COMMUNICATION						
	Navtex						
	MF/ HF Transceiver/ DSC/ Unit						
	EPIRB						
	DSC VHF Primary (No. 1)						
	Two Additional VHF Walkie Talkies (Black)						
	3 GMDSS Walkie Talkies (Yellow)						
	Antenna Equipment						
	PA System with Talk-back						
	Emergency Battery						
	Emergency light						
	Aldis lamp						
	Spare battery for Aldis lamp						
43	PUBLICATION						
	Chart (including correction)						
	Tide Table						
	International Code of Signal						
	Nautical Almanac						
	Pilotage book						
53	LIFE RAFT						
	Life raft appearance						
	Life raft launching device (HRU)						
	Operating instruction						
54	OTHER LIFE SAVING APPLIANCE						
	Lifebuoy with self-igniting light						
	Lifebuoy with smoke & light indicator						
	Life jacket						
	Life line throwing appliance						
	Life saving signal (Rocket Parachute, etc)						
	SART						
55	FIRE FIGHTING						
	Fire control plan (3 pcs)						
	Smoke detector						
	Fire fighting instruction						
	Hydrant box, hose, nozzle						
	Portable fire extinguisher						
	Fireman's outfit, complete with accessories						
	Emergency stop of fans						
	Emergency stop of pumps						
	FO tank shut off valves						
	International shore connection						
	Dampers (ER/ Hold/ Accommodation)						
	Fire alarm						
	General alarm						
	Fire blanket in galley						
	Breathing apparatus						
	Portable fire pump						
	International shore connection						
	IMO symbols in good condition and sufficient quantity						

Note: 1 = {Good/ Acceptable}, 2 = {Fair}, 3 = {Poor/ Needs Action}, 4 = {Drydock Item}

Item	Description	1	2	3	4	N/A	Remarks
	Sufficient liquid foam quantity						
	Foam pump in working condition						
	First aid box with updated medical inventory						
57	BILGE, WASTE OIL CONTROL (MARPOL ANNEX I)						
	Bilge pump						
	Bilge treatment system						
	Bilge overboard valve						
58	BUNKERING PROCEDURE						
	Bunkering manual						
	Bunkering pipeline						
	Bunkering accessories						
	Oil tray, Scupper plug						
59	POLLUTION PREVENTION MATERIAL						
	Oil spill dispersant (20L)						
	Sand (5 kgs)						
	Saw dust (5 kgs)						
	Oil absorbent sheets (150 pcs)						
	Line proportioner						
	Bucket, ladle, boom, scoop						
	Diaphragm pump						
	Scupper plug						
61	MAIN ENGINE/ PROPULSION						
	ME general appearance/ performance						
	ME cylinder cover						
	ME mounting valves						
	ME Turbocharger/ Intercooler						
	ME FO injection pumps						
	ME Maneuvering System						
	ME LO Quality (analysis result)						
	Jacket Cooling Water Quality (analysis result)						
	ME instruments						
	ME Safety Device						
	ME Spares						
	Exhaust Insulation						
62	DIESEL GENERATOR						
	D/G General Appearance/ Performance						
	D/G cylinder cover						
	D/G mounting valves						
	D/G turbocharger/ intercooler						
	D/G Heat Exchanger						
	D/G LO quality (analysis results)						
	Jacket cooling water quality (analysis result)						
	D/G instruments						
	D/G safety device						
	Exhaust Insulation						
71	AUXILIARY MACHINERY						
	Fuel oil system (pipes, valves, filters)						
	FO Pumps						
	FO Purifiers						
	Lub oil systems (pipes, valves, filters)						

Note: 1 = {Good/ Acceptable}, 2 = {Fair}, 3 = {Poor/ Needs Action}, 4 = {Drydock Item}

Item	Description	1	2	3	4	N/A	Remarks
	LO Pumps						
	LO Purifiers						
	LO heat exchangers						
	SW cooling system (pipes, valves, coolers)						
	SW pumps						
	FW cooling system (pipes, valves, coolers)						
	FW pumps						
	Compressed air system (in general)						
	Main air compressor						
	Service air compressor						
	Air dryer/ reservoir						
	Instrument air system						
	Bilge system						
	Bilge pump						
	Automatic control system						
	ER mechanical ventilator						
	Monitoring and alarm system						
	Workshop machinery						
	Auxiliary machinery / others						
72	VENTILATION, AIR CONDITIONING & REFRIGERATION SYSTEMS						
	Air conditioning system						
	Provision refrigerator						
	Ventilation for accommodation						
73	ELECTRICAL (ENGINE ROOM)						
	Main and auxiliary switchboard						
	Electrical machinery						
	Cabling						
	Insulation						
	Lighting in engine room						
74	ENGINE STRUCTURE						
	E/R floor						
	E/R tank top condition						
	Engine room fire door						
	E/R fitting (other)						
	Fuel pipes and valves						
	Seawater pipes and valves						
	Air pipes and valves						
	Exhaust gas pipe						
	LO pipes and valves						
	Sea suction/ overboard valve						
	Pipe and valves (others)						
	Marking of pipes and valves						
	Engine control room						
	Workshop and store room						
75	FIRE, SAFETY, & ENVIRONMENTAL EQUIPMENT						
	Fire & GS pumps						
	Main FF pump (water cannon)						
	Harbour generator						
	Emergency fire pump						
	Emergency air compressor						

Note: 1 = {Good/ Acceptable}, 2 = {Fair}, 3 = {Poor/ Needs Action}, 4 = {Drydock Item}

Item	Description	1	2	3	4	N/A	Remarks
	Oily water separator						
	Bilge cleanliness/ HL Alarm Tested						
	Tank top condition						
81	SECURITY						
	Restriction of fire use						
	Ship's equipment for security						
	Contingency plan						
	Muster plan						
	Fire drill						
	Abandon ship drill						
	Rescue drill						
	Emergency steering drill						
82	SHIP CERTIFICATES						
	Safety Construction						
	Safety Equipment						
	Safety Radio						
	Load Line Certificate						
	Class Survey Report						
	IOPP						
	Class Certificate (Hull)						
	Class Certificate (Machinery)						
	Certificate of Nationality						
	Tonnage Certificate						
	Ship Station License						
	Ship Sanitation Certificate						
	Port Health Clearance & Medical Chest Certificate						
84	RECORDS						
	Official Log Book						
	Compass Error Book						
	Master's Night Order Book						
	Radio Log Book						
	VHF Log Book						
	Engine Log Book						
	Maintenance records/ reports (M/E, D/G)						
	M/E Performance Data						
	Spare parts list/ inventory						
85	MANAGEMENT (GENERAL & DECK DEPARTMENT)						
	ISM Internal Audit/ Records						
	Ballast tank inspection						
	Plan of deck maintenance						
	Discipline/ Watchkeeping in Port						
	Dress condition of duty person						
	Wearing of safety helmet						
	Prohibition of Drugs/ Alcohol						
	Understanding of SMS						
	Maintenance records LSFFA						
	Test method of EPIRB & SART						
	Use of Fireman's Outfit						
	Use of throwing appliances						
	Display of safety sign						

Note: 1 = {Good/ Acceptable}, 2 = {Fair}, 3 = {Poor/ Needs Action}, 4 = {Drydock Item}

Item	Description	1	2	3	4	N/A	Remarks
86	MANAGEMENT (ENGINE DEPARTMENT)						
	PMS						
	Power management of M/E						
	Maintenance plan/ any outstanding work?						
	FO sounding book						
	LO inventory						
	Chemical inventory						
	Emergency operation test						
	Power management of D/G						
	Special tools and instruments						
	Docking records						
	Megger test						
	Wearing of proper personnel protective equipment						
	MACHINERY TOTAL RUNNING HOURS						
	Main Engine No. 1						
	Main Engine No. 2						
	Auxiliary Engine No. 1						
	Auxiliary Engine No. 2						
	SRP Unit No. 1						
	SRP Unit No. 2						
	Harbour Generator						
	Ext. Fire Fighting Pump Engine
